

Combating Insurance Fraud with Data Analytics

Date: January 2018

This article was originally published by Claims Magazine. [Click here](#) to read the full article.

Blaneys Partner Chris McKibbin, along with Michael Skiba of Inform Software (Germany) and Jeffrey G. Rapattoni of Marshall Dennehey Warner Coleman & Goggin (USA), provides a global perspective on combating insurance fraud in the January 2018 issue of Claims Magazine. Three experienced insurance professionals answer questions on efficiency gains for carriers using analytics; how the claims environment has changed in light of analytic implementation; and what innovations or trends insurers should be aware of in the data analytics environment coming into 2018.
